

Webgistix Corp. is looking for C#.NET Developers!

Global eCommerce Order Fulfillment service provider is seeking C#.NET Developers to join IT team in Las Vegas offices.

COMPANY BACKGROUND

Webgistix is a global leader in eCommerce order fulfillment that operates bi-coastal fulfillment centers that serve hundreds of established eCommerce retailers. Webgistix delivers SmartFill, Cloud-based technology that works with all major shopping carts and is optimized for mobile commerce. Webgistix customers outsource their order fulfillment to Webgistix to eliminate fixed overhead, increase the speed and accuracy of their global order fulfillment, and retain control and visibility over their fulfillment operations. For more information about the company please visit <http://www.webgistix.com>.

Email resumes to jobslv@webgistix.com.

Why join us?

Webgistix is in the fast growing ecommerce order fulfillment business and was just featured in The Wall Street Journal for its success in helping e-retailers grow their businesses through outsourced order fulfillment services. Our IT team builds, integrates and maintains all systems supporting ecommerce retailers who outsource their order fulfillment to Webgistix.

Duties will include:

*Developing customer facing applications and applications for internal use

Desired Experience and Skills:

- * BS in Computer Science or Engineering (or equivalent combination of education and experience)
- * 4+ years experience with the .NET framework
- * 4+ years experience programming with Visual C#
- * 3+ years experience with SQL and databases
- * Experience with high-volume transactional systems
- * Experience programming in other languages (Perl, Java, C++)
- * Experience with web services and APIs
- * Experience with Oracle PL/SQL or MySQL, a big plus
- * Experience with DevExpress, a big plus

Webgistix is an equal opportunity employer and a drug free workplace.
